DETAILED ACTION

Claim Rejections - 35 USC § 102

1. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(b) the invention was patented or described in a printed publication in this or a foreign country or in public use or on sale in this country, more than one year prior to the date of application for patent in the United States.

2. Claims 1-6, 9, 11-18, 21, 23, and 24 are rejected under 35 U.S.C. 102(b) as being anticipated by Berger et al. (US Pat. No. 5,169,284).

See the attached marked up drawing figures 1 and 2A of Berger et al. depicting the claimed features in the rejected claims.

Allowable Subject Matter

3. Claims 7, 8, 10, 19, 20, and 22 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

Conclusion

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
